

Alt Codes for Musical Note & Instrument Symbols

Below is the complete list of Windows Alt codes for musical note & instrument symbols, their corresponding HTML entity numeric character references and, when available, their corresponding HTML entity named character references. If you are new to Alt codes and need detailed instructions on how to use them, please read [How to Use Alt Codes to Enter Special Characters](#). If you want, instead of using Alt codes, you can also just quickly **tap or click any musical note or instrument symbol in the list below to copy and paste** it into your document. (Note: [Some symbols might not display correctly](#) due to device or platform limitations in character/text representation.)
